- Very quick from the first page: Less than 15 seconds time to first colour page and Up to 25 ppm
- Efficient networking capabilities

Lexmark C760/C760n

Intelligent business use of colour

Lexmark's C760 laser lets you offer your workgroup outstanding colour documents in a way that won't burden your budget. In addition to vivid 4800 Colour Quality resolution, you'll benefit from a valuable range of tools that help you effectively control colour costs. That includes user-specific "colour permission" settings and a ColourSaver feature that saves you up to 50% on toner when printing in draft mode. A smart solution for cost-conscious businesses!

Easy on your office

You have enough things to concentrate on. Operating a printer shouldn't be one of them. The C760 requires very little intervention. Setting it up is fast and easy, with straightforward driver installation. And it's equipped with an intuitive operating panel to guide your users through all their various tasks. So you can spend less time at the printer and more time doing what you do best: adding value.

A big performance value

The C760 offers an incredible performance-price ratio. Whether you're printing in colour or black and white, you can zip through up to 23 pages per minute at a rapid time-to-first-page—less than 15 seconds for colour. Backed by a powerful 600 MHz RISC processor (network model) and 128 MB of memory, it gives you a big boost in productivity for even your most complex print jobs!

PRINT-MOVE-MANAGE services

Supported by Lexmark award winning technology, innovative business applications and strong strategic service offerings, Lexmark's highly skilled, specialised account team can assist your organisation to print smarter, move critical information faster and manage your output related costs more efficiently. This value proposition, Print-Move-Manage, translates into a set of industry-specific solutions and expertise allowing you to improve, maintain and manage your document and printing infrastructure.

PRINT: A full range of advanced printing solutions based on industry leading technology and associated product services that provide leading edge functions at a very competitive cost. These include printers, multifunction devices as well as network and application-specific hardware and software solutions

MOVE: Consulting and implementation services designed to increase productivity while reducing the costs related to your paper-intensive processes through device consolidation, distributed document capture, distributed printing, electronic form integration and paper document workflow automation

MANAGE: A range of services offerings designed for today's business. Starting from the traditional leasing of equipment through per page based billing up to full contract management and outsourcing of your output device fleets. These offers are designed to deliver you the most cost effective solution for output and document management.

■ PERFORMANCE	
Technology	Laser
Print Quality	1200 x 1200 dpi, 4800 CQ
Speed (Simplex printing)	A4 size: 23 ppm ; Letter size: 25 ppm ; Legal: 20 ppm ; @ 4800 CQ Letter size: 10 ppm ; A4 size: 9.5 ppm ; Legal: 8.1 ppm ; @ 1200 dpi First Copy Time in Mono: < 13 sec First Copy Time in Color: < 15 sec
Processor	500 MHz = C760 600 MHz = C760n
Memory Standard	128 MB = C760, C760n
Memory Optional	64,128,256 MB and 512 MB SDRAM 16 MB or 32 MB FLASH Optional hard disk
Acoustics	52 dB(A) 4800IQ printing (simplex) = C760, C760n 34 dB(A) Idle (Standby) = C760, C760n
■ CAPACITY	
Paper Handling	Media supported: plain paper <176 g/m ² , cardstocks, labels and glossy, transparency Paper size: A4, A5, JIS B5, Letter, US Legal, Executive Transparencies weights: 161 to 169 g/m ² Cardstock weights: up to 216 g/m ²
Standard input	C760, C760n: 500-sheet drawer + 100 sheet multipurpose tray
Maximum input	Number of input sources standard: 2 Maximum number of input sources: 3
Standard output	250 sheet
Maximum Output	250
Optional Input	500-sheet Drawer
Optional Output	None
Other	Duplex unit
Special features	Automatic colour screening selection to optimise print quality based on page content
Colour Management System	CMYK U.S. - CMYK Europe
Duty Cycle :	70,000 pages/month (maximum one time monthly usage)
■ OTHERS	
Connectivity Standard	Lexmark C760: USB / parallel / one expansion slot Lexmark C760n: USB / Ethernet 10/100Base TX/one expansion slot
Optional adapters	TokenRing, Ethernet 10BaseT/2, Ethernet 10BaseT/100BaseTx MarkNet N2000 internal print servers for simultaneous support of over 30 network environments including Microsoft Windows NT, Microsoft Windows 2000, Novell (IPX/SPX including NetWare Directory Services), IBM OS/400 Version 4 Release or later, Linux, Unix, TCP/IP and Apple Talk Parallel 1284B interface card Hard disk adapter External serial adapter 802.11 Wireless Adapter
Compatibility	PostScript Level 3 Emulation Hewlett - Packard Company PCL 6 Emulation PDF 1.2, 1.3
Network Management Software	MarkVision network printer management software NetPnP notifies end-users via e-mail that the new network printer is available for printing
Electronic forms support	Optra Forms hard disk or flash DIMMs
Optional Cards	ImageQuick Web Card, Bar Code, IPDS, PrintCryption™, Prescribe
Font Selection	158 PostScript scalable fonts 89 PCL6 emulation scalable fonts
Cost Saving and environmental features	Energy Star compliant Power Saver mode Multi-up printing Two-sided printing (optional) MarkVision alert driven printer management Colour print permissions
Size (H x W x D) / weight	528 x 605 x 470 mm / 47.7 kg
Power & electrical specifications	650 Watts (base printer) and 30 Watts standby (power saver on)
■ SUPPLIES	
3 K pages CMYK Toner Cartridges (starter)	
6 K pages CMYKReturn Program Print Cartridge* (aftermarket)	
Transparencies, Glossy Paper, Banner Paper, Outdoor Media	
* at approximately 5% coverage	
■ SERVICES	
Guarantee	1 year on site LexRepair
Services	Extended Guarantee: 3 years on site LexRepair Pack 1 additional year on site LexRepair Pack
Other Services	- Installation Service - Hardware and Software Training
